

Course Overview:

One of the most important and required skills for a purchasing professional is negotiation. In this course, we will explore the various modern negotiation methods from a purchasing perspective. We will cover in detail the various negotiation strategies required to meet the purchasing needs of the organization. The strong and weak points of the buyer along with the strong and weak points of the supplier will be explored. We will also discover the appropriate negotiation styles for various situations, including complex situations that will require careful attention.

Course Objective:

By the end of the course, participants will be able to:

- Develop effective negotiation strategies to meet the purchasing needs of the organization
- Implement those strategies to maximize purchasing value
- Discover the appropriate negotiation style for each situation
- Explain how to handle and deal with complex negotiation situations
- Identify supplier strong points and buyer strong points
