

Sales & Marketing Strategies

MS124

Course Overview:

Well designed and managed sales territories allow firms to maximize sales force capacity, provide a foundation for other sales performance management activities (including incentive compensation and quota design), and have a host of other benefits to sales forces. This course reviews territory management principles, while focusing on the essential analytical frameworks and practices associated with sound territory design.

Course Objective:

At the end of this course the participants will be able to:

- -Analyze the process of sales planning and territory management.
- -Practice the effective ways of setting goals, developing sales activities, and managing time effectively.
- -Use relevant tools for route structuring and territory management.
- -Apply the methods of effective territory management and strategic selling.
- -Revise sales strategies and provide proper sales training for salesforce.
- -Successfully choose, target, and manage a territory, maximizing growth and profit.
